

## 10ft wide Kingsbury greenhouse

### Eaves, ridge and door height

A standard 10ft wide Kingsbury has an eaves height of 5ft 5" and a ridge height of 9ft 7.5". The height of the door is 6ft 2.5".

Should you opt for 6ft eaves, the ridge height would be raised to 10ft 1.5".

Should you require a door on the long side of your greenhouse, this would raise the eaves height to 6ft 6" and the ridge height to 10ft 9.5".
